Judge's comment:

Geometric composition in gray tones - the dock with a fishing rod leads the viewer toward a yellow sunset - stunning

Image 1 2nd place

Judge's comment:

Perfectly balanced composition of the historical museum and beach - void of humans - a triangle draws viewer (again) to a glorious sunset.

Judge's  
comment:

Two brilliantly colored vertical images of Canaan Lake at sunset both deserving First Place! Low and high horizons with the subject pulled to the right draws the viewer to the magnificent hues.
