Judge's comments:

Congratulations to all who submitted such beautiful photographs this year! we all appreciate the sunsets and the foliage and the wildlife who also enjoy our lake.

First place: Capturing this rainbow on the lake was pure magic! Congratulations.

Second place: Spectacular shot of two docks with precise reflections of the sky and clouds in the evening light of blue gray and white.

Third Place: Portrait of a posed and poised deer camouflaged in the bush.

Honorable mentions:

Stunning shot of duck family swimming near town beach on blue water and darker blue sky with distinct white horizon

Intimate close-up of loon parents and chicks.

Serene shades dividing winter whites and grays on town beach - quite original.
