

The Canaan Water Department has changed the Canaan Street Lake Reservoir boundary. This is due to the relocation of the public water supply intake to deeper water farther from shore. The relocation of the intake was completed in 2023.

Remember that no contact is allowed with the water from the reservoir boundary to the Southeast. This is a public water supply. There is **NO SWIMMING, FISHING, BOATING, OR WADING.**

Map showing the location of the Canaan Street Lake Reservoir boundary (2024). The dashed line shows the old boundary.
